

Treatment Provider Job Description

Job Summary:

Join our team as a Treatment Provider dedicated to making a positive impact on individuals' lives by providing case management services that are gender-specific, co-occurring, trauma informed, and culturally competent to all Department of Corrections (DOC) and Resonance clients.

Duties:

- Facilitate substance abuse treatment groups as provided by DOC Program Services, provide individual case management, and perform other contract services as needed for Resonance reentry programs.
- Interface with correctional facilities to provide comprehensive client services
- Maintain program files, completing written documentation in conformance with D.O.C and Resonance agency policies.
- Participate in staffing, trainings, etc. as pertains to continued and improved job performance.
- Function as a member of the Resonance personnel team including information flow, attendance at meetings, and providing community awareness when needed.
- Assist in maintaining program statistics, research information, and support development/grant-writing activities.
- Collaborate with other resources to assist clients in case management needs.
- Serve as court liaison when necessary.

Experience:

- Knowledge of gender-specific and culturally competent needs and programming.
- Strong background in analytical skills
- Computer literacy
- Effective communication and social skills
- Experience in relating to target population.
